

# Original Spare Parts

## Our service – your benefits

- Perfect accuracy of fit and process reliability
- Long service life and availability due to original spare parts
- Conservation of the value of machines and plants

### There is nothing like the original!

Your machines and plants will live longer and work both safely and reliably with original spare parts. Avoid risks with serious consequences by relying on original spare parts by Bucher!

Our original spare parts have been designed specifically for your machines and plants, guaranteeing a high level of safety and functionality that is consistent with the entire machine and plant.

Protect your investment for many productive and reliable years by using original spare parts; at the same time, you will benefit from technical updates of the individual parts.

In addition, thanks to our retrofits that have been developed specifically for your plants, you can perform a technical upgrade of your plant.

Get informed now and benefit from a longer service life of your machines and plants.

We will be happy to advise you in person.
